5. [] LEGISLATION Received a call from Wilma Lehman, of the Civil Service Commission. She had been notified by the Senate Committee on Post Office and Civil Service that the Committee would likely take up H. R. 6227, the right to counsel bill, within the next two weeks. She was preparing to send the Commission's letter to the House Committee, with minor changes, to the Senate Committee and wanted to alert us of the impending action so that we might also contact the Committee.

6. [] ADMINISTRATIVE Called Bud McFarland, NSC staff, regarding the State Department draft reply to Senator Frank Church's (D., Idaho) letter to the President on the role of the ambassador. McFarland said he has action, not State. I said the draft is not acceptable, pointing out that the words in the preamble "under the direction of the President" spelled out in the statute and in the 1969 message to the ambassadors was not in this draft.

I also told McFarland that we have been asked by the House Select Committee for the Director's prepared statements on SALT and compliance. I said we took the position that we do not give them transcripts but the prepared statements are considered to be the Director's property. McFarland said we could show them the 5 March 1975 prepared statement of the Director's briefing of the NSC. He said they can read them at Headquarters but not take them with them.

7. [] LIAISON Gerri Schipske, in the office of Representative Shirley Pettis, called and asked if we would object to Mrs. Pettis' Administrative Assistant, Rose Zamaria, attending the breakfast on 9 December. She said Ms. Zamaria used to work for Mr. George Bush and is interested in the Agency. I said I would have to check and let her know. She said if it caused any problem not to worry about it.

8. [] LIAISON Called Ed Schallert, Representative Les Aspin's (D., Wis.) office, in response to his earlier call about a response to the Congressman's letter on Soviet defense spending. I told him we would have a reply for him on Friday and he was agreeable to this.

25X1 25X1 15. [] ADMINISTRATIVE [] OTR,
called and asked if we would be able to get a speaker for the Survey
and Financial Management Course for 7 January 1976. He said they
would like a staffman from the House or Senate Appropriations Committee
to speak from 1315 hours to 1415 hours and then either Mr. Cary or []
[] to speak from 1430 hours to 1500 hours. I told him I would pass this
on and we would be back in touch.

25X1 25X1 16. [] ADMINISTRATIVE Talked with []
[] Or, about the personnel case that Jean Lash, in Senator
Milton Young's (R., N. Dak.) office, had called me about. I talked
with Jean again and she said the situation had taken care of itself and
to forget her call.

25X1 25X1 17. [] ADMINISTRATIVE []
IC Staff, called to say he had met [] a former congressman,
who is interested in applying for a position with the Agency. Noyes said he
had a resume which he would send to me. I told him I thought [] would
be too high-powered for the office, but I would look at the resume and
possibly talk to []

25X1 18. [] LIAISON Talked to David Martin, Senate
Judiciary Internal Security Subcommittee staff, who asked if we had been
able to pull material together for him on the World Peace Council. I said I
would check. [] is taking care of this.

25X1 19. [] LIAISON Called Les Janka, NSC staff, and told
him the House Select Committee has asked us for a lot of material in
connection with SALT. I told him we had been sticking to the rule that
committee transcripts belong to the committee, as do memoranda for
the record on our briefings, but they have asked for the Director's prepared
statements, which belong to the Agency. Janka said he has not been
involved in any of this and I should talk to Bud McFarland, NSC. I placed
a call to Bud McFarland's office.
